## A WORD FROM THE SELECTMEN

---

March Ninth, Nineteen Hundred Fifty-Four is to you, a taxpayer of Cornish, New Hampshire, one of the most important days of the year. This is the day that your tax rate and tax bill is determined for the year. It is you, who are present at the Town's Annual Meeting, who determine all the procedures and actions of your Town Officers for the coming year. Due to the present high valuation, a very small increase in the budget will result in a considerable rise in the total tax picture. Therefore, as conscientious citizens we should all be careful to think out each action brought before the meeting, before finally voting on it.

As a result of the vote at the last Annual Meeting, to re-value the real property of the town, a complete reappraisal has been made, and a complete breakdown of the appraisal is on file for your inspection at the town office.

A new fire truck was purchased this summer. Should the need for it arise at any time, keep in mind that we have a fine and efficient fire department.

Carrying out the wish of the majority of the voters present at the last meeting, land and a right-of-way for a dump have been purchased and a road to it constructed, although the total cost was somewhat higher than expected, we feel that it should take care of the Town's needs for a long time. In answer to rumors heard that some people do not know of its existence, the dump is just north of Cornish Flat on Route 120.

The Trustees of Trust Funds wish to acknowledge receipt of Two Hundred Dollars from Ernest H. Palmer and family for care of the Ernest Palmer lot in the Childs' Cemetery; also One Hundred Dollars from Clayton Bartlett for care of the Clayton Bartlett lot at the Cummings' Cemetery, and One Hundred and Fifty Dollars from the family of Joseph L. Hilliard, for care of the Joseph L. Hilliard lot at the Edminster Cemetery. A power lawn mower was purchased for the use of the cemetery department.

A hearty vote of thanks is due the Cornish Fair Association for the redecoration of the Town Hall and to all who so generously gave their time to accomplish a fine job.

We have tried to fulfill our duties to the best of our ability, and wish to express our sincere thanks and appreciation for the fine cooperation we have received from all heads of departments and residents of Cornish.

—YOUR SELECTMEN

## THE TOWN PLANNING BOARD

---

THE TOWN PLANNING BOARD wishes to call attention in the first place to the fact that when it was appointed by the Selectmen under authorization of the annual town meeting of March 10, 1953, it was without funds or authorization for expenditure. Our incidental expense for postage and the circulation of a questionnaire for the testing of local opinion on town-planning has come to \$16.00. This expense has been met by advances by certain individuals, who, we believe, should be reimbursed; and request for an appropriation for that purpose is contained in the blanket request for an appropriation of \$100 to cover the two years' estimated expenses of the Board for 1953-4 and 1954-5. This request appears as an article in the warrant for the town meeting to be held March 8, 1954.

The Town Planning Board has in the course of the past year studied the practice of similar boards under the enabling laws of the State and through the forms of organization recommended by the State Planning and Development Commission. It may be said that a large part of the recent town planning in this state has been in connection with extensive enlargement or improvement of the public and recreational resources of rapidly growing and rapidly changing towns. No course of development of this sort is now under way in Cornish, and we are of the opinion that with our heavy burden of taxes it would be unwise for the town to push such developments. For the present, therefore, we believe that your Board's work should embrace simply:

1. Preparation by the Board, and submission to a future meeting of the Town, of a code of minimum and rational building restrictions, to apply only to future building within the town, and aiming to prevent the deterioration of the town in character and prestige. Such restrictions, if and when approved by the town, should be enforced by the provision that plans for building dwelling-houses, or additions to dwelling-houses, and plans for the erection of any other type of building to cost in excess of one hundred dollars, must be submitted to the Town Planning Board and properly approved by them in accordance with the terms of the restrictions so adopted.

2. Formulation of a proposal for a zoning ordinance to be submitted to the town at its next annual meeting, and preparation of an inexpensive town map to facilitate zoning plans.

3. Consideration of any proper means of publicizing the town and its advantages and opportunities, either for residence or for business.

The questionnaire referred to above has been sent to both the qualified voters and the property owners of the town. The responses to the questionnaire have not been full enough to provide the Board with a clear mandate for the course of the Board's work. But there is to date a clear majority in favor of residence zoning, a bare majority in favor of building regulations as to lot size and frontage, and very substantial majorities in favor of regulating placement of buildings with respect to minimum distances from roads and from boundaries. A 2-1 majority favored regulations affecting exterior finish on dwelling houses. The Board has still a number of copies of this questionnaire which it will be glad to have filled out by those who have not done so.

Your Board seems, therefore, to be warranted in the conclusion that the greater portion of our voters favors sensible regulations affecting the future town development. The Board plans in the next months to ascertain and weigh actual public opinion on these matters, and to effectuate that opinion by proposing to the town, for its action, fair and conservative plans of regulation. No program that it may suggest will affect buildings already erected. It intends to forward no plans that do not reflect the common judgment of our voters as to what will make the town a pleasant place to look at and a good place to live in. And for the present it will recommend no expenditures whatever that will materially increase the present tax-load.

Respectfully submitted,

N. Thomas Nichols, Chairman

## SMALL TOWN LIBRARY

*By Virginia Shearer Hooper*

"This is no shrine of dry and dusty death,  
 Forgotten words and pages dim with time.  
 Beneath this roof is caught the very breath  
 Of life in picture, narrative and rhyme,  
 For here, in wondering awe, small girls and boys  
 Meet gay Pinocchio and the gods of old,  
 Find high adventure, thrill to deathless joys,  
 And travel widely in the 'realms of gold';  
 While older youths, perchance, may read some line  
 To make them future seers of their race.  
 Knowledge dwells here, with countenance benign,  
 And Inspiration shows her hallowed face.

*So this small building is a living part,  
 Warm and pulsating, of a people's heart.*

## REPORT OF LIBRARY TRUSTEES

---

The George H. Stowell Library has experienced the most difficult year in its history. Owing to the prolonged illness and the death of the librarian, Mrs. Abbie Dean, normal function was impossible.

Much to Mrs. Dean's regret, she was unable to handle the annual exhibit of work prepared by pupils of the local schools. The latter part of her service was so difficult for her to perform that she was assisted by one of the trustees.

After a long search for a candidate for a permanent librarian, Mrs. Avis McMillan was engaged and has already justified the trustees' choice.

In September, Miss Catharine Pratt, assistant State Librarian, met with the trustees and the new librarian. Miss Pratt was of incalculable service, furnishing information, offering suggestions and initiating Mrs. McMillan into the mysteries of classification and cataloging.

Following Miss Pratt's visit, Mrs. Selma Lovejoy, owing to ill health, resigned her office of trustee. With the appointment of Mrs. Irene LeClair as her successor, the trustees reorganized and feel that they are once again on solid ground.

The trustees wish to express their appreciation of the faithful service given by Abbie Dean, who was our efficient librarian for more than 16 years. Her passing is greatly regretted.

We wish to thank the following friends for gifts of books and magazines: Mrs. Robert Barrett, Mrs. Rawson, Mrs. Crane, Miss Viola Brown, Linda Brown, Ford Kinsman, Mr. and Mrs. MacConnel, Mrs. George Cowles, Cornish Reading Club.

## SCHOOL WARRANT

---

To the inhabitants of the School District in the Town of Cornish qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the sixth day of March, 1954, at one-thirty o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of district officials and agents, and for the payment of statutory obligations of the district and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund, together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will authorize the school board to appropriate receipts from federal lunch reimbursements, tuition, gifts, and any other receipts from miscellaneous sources, in addition to the original appropriation for 1953-54, for the lunch program, general expenses, equipment and improvements.
10. To see if the district will vote to raise and appropriate a sum of money as a contingency fund to provide for unanticipated expenses for the school year 1954-55.

11. To see if the district will appropriate the balance as of June 30, 1954, in the school district account, toward payment of the legal fees (\$750.00), a charge incurred in the construction of the new central school—this amount not to exceed \$750.00.

12. To see if the district will authorize the school board, as agents of the school district, to dispose of existing school buildings and lots to which the district has clear titles, and use the funds received toward equipping the new school or for development of the school site for recreational purposes.

13. To transact any other business that may legally come before this meeting.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Cornish, I herewith submit my second annual report as Superintendent of Schools:

I wish to congratulate the citizens of Cornish for the progressive action taken to provide better educational facilities for boys and girls. I am very positive that the improved educational program which may now be provided will be reflected in the boys and girls who are now attending and those who will be privileged to receive their early training in Cornish in the future.

The school board, teachers and your superintendent are all looking forward to "moving day" and inauguration of programs of physical education, school lunch, music and dramatics. The added competition among classmates and schoolmates will do much to teach boys and girls the fundamentals of community living as they assume their positions of leadership and responsibility.

There will, of course, be many adjustment problems to be solved in terms of new friends, teachers, transportation, recess, noon-hour and playground activities. I ask that both parents and pupils be cooperative and understanding. The principal, who will be teaching full-time, will need a great deal of assistance and patience on the part of all concerned to enable him to operate successfully.

It is sincerely hoped that it will be possible to separate each grade in the new building. The enrollment figures are such, however, that any increase may make it necessary to divide one or more grades. I feel very strongly that the arrangements this year of having no more than two grades per teacher has been beneficial to the pupils in terms of education. I realize that transportation to the particular schools has worked hardships.

Mr. Jack George, of the State Department of Education, has given assistance in mapping out a long-range plan for playground development. He was very highly impressed with the location of the school, and pointed out how fortunate we are to have the excellent natural facilities at our command that would be so highly desirable for schools in the cities.

Miss Ruth Cutter, the State Supervisor of Hot Lunches, has also cooperated in the planning of the school lunch program.

I wish to express my sincere appreciation to the teachers for their continued efforts to teach effectively in spite of many physical handicaps. I especially wish to thank the members of the school board for their support and cooperation. I am looking forward to the continuing problem of improving education for boys and girls in Cornish.

Respectfully submitted,

RALPH H. MEACHAM,  
*Superintendent*

## REPORT OF SCHOOL NURSE

---

Good health has been defined as "a state of complete physical, mental and social well-being, and the foundation of joyous, zestful living." This is the goal for which we are striving in our school health program.

Our school health program is carried out through the cooperation of the state, the local administrative staff of the schools, the teaching personnel, the parents, the pupils and the school nurse.

Our first concern is for the physical well-being of our children. The child who has some physical defect, no matter how minor, and is not given the benefit of needed medical care, certainly cannot be the happy child we would like him to be.

Routine inspections which are conducted in every school by your school nurse serve as a screening. These inspections consist of heights, weights, general condition, appearance, vision and hearing tests. If any defect is observed, a notice is sent home to the parents of the child. These notices in no way serve a diagnostic purpose. Your school nurse reports symptoms only. A reply to the notice, by the parents, is most desirable. If no reply is made, or if the parents request the nurse's assistance, she in turn makes a home visit to determine how she may best assist the parents in obtaining care for the child.

Many organizations—federal, state, and local service organizations—stand ready to help in providing the necessary care for our children. If financial assistance is needed for eye care, service organizations such as the Rotary and Lion's Clubs are very generous and helpful. The Sight Conservation Program, which is sponsored by the State Department of Public Welfare, is also available. Our same service organizations are also very interested in our hearing difficulties. There again, state assistance is available through the Crippled Children's Services. If the loss of hearing is due to a congenital abnormality which may be corrected, Crippled Children's Services will authorize treatment. Funds for hearing aids are not available through this service. We are dependent upon the N. H. Hearing Society, welfare agencies and service organizations for assistance in the purchase of hearing aids.

In the case of the retarded child or the child who has great difficulty in adjusting himself to school and his environment,

the Child Guidance Clinic, under Dr. Philbrick, is available as a diagnostic clinic.

These are only a few of the many agencies which stand ready to assist our children whenever the need arises. They assume a share in the responsibility of keeping our children healthy, happy and well-adjusted.

The cooperation of each one of us is the important factor in the success of our health program.

In conclusion, I would like to thank each one of you for your interest and your help in carrying out this important program.

Respectfully submitted,

FLORENCE MacIVER, *School Nurse*
